## The Local Choice for Westbourne

Including the hamlets of Aldsworth, Woodmancote and parts of Hambrook.

### Dear Westbourne Resident,

Local Government matters a great deal. So I hope you will take the Election of a Chichester District Councillor, to represent Westbourne, very seriously, and make a point of turning out to cast your vote, at the Parish Hall, on Thursday 7th May.

The fact is that Westbourne's future character is very greatly influenced by the decisions taken by CDC, so it's very important that the community's views and wishes are properly and forcefully explained.

I undertake to speak up for Westbourne, loud and clear, and to argue our case energetically. I also promise to be easy to contact, and to be ready to discuss residents' concerns: [01243 535202](tel:01243535202) is my number, and I will return your calls promptly. My email address is [mark@eastmarden.net](mailto:mark@eastmarden.net)

I have been honoured to be asked to serve as your councillor since October 2013. If you - the electorate in Westbourne - vote me into office, I undertake to do my best to deserve your confidence.

As many of you will know, I am lucky enough to have quite long experience of Local Government, and I have been a regular attendee at the Parish Council. This has given me a good knowledge of local issues.

Please have a good look at this leaflet, so that you can see the results of a Conservative District Council in the last four years. Chichester District Council is widely recognized as providing really good value for money in these testing times.

I hope you will turn out to support me, so that I, in turn, can help gain for Westbourne, and its priorities, the services which we deserve.

Yours truly

*Mark Dunn*
